01 EVER-NEWS

By various Ever-Committee Members

Sport

- Caitlyn Potgieter

During the past few weeks, Eversdal has played many matches. Every week I will be checking in with different teams to see how they are doing...

This is what the Coach Marisa, **U13/C Netball**, has to say:

"The season is going very well. This is my second year with these players and I've grown to love all of them. I'll cry when they have to leave the school - they were my first team that I've coached. I'm a proud coach of every one of them."

"Yes, I'm pumped for this season. I'm nervous, because there are some tough teams, and we have our off days. I think we lack confidence when we see we are losing, and I hope we get better at our goal placements and coming out." said their captain, Angelica van Wyk.

Kultuur

- Karin Hattingh

Die Junior- en Seniorskool is op ons kultuurfront baie besig. Hulle doen Saterdag, 20 Mei, Eisteddfod in Stellenbosch. Hulle is ook aan die ATKV Applous Kompetisie op Vrydag, 26 Mei. Die kore het ook baie goed gedoen in vorige kompetisies. Ons wens hulle al die beste van geluk met die kompetisies in die toekoms.

"Culture is a way of coping with the world by defining it in detail." – Malcolm Bradbury.

Eco Club

- Khanya Wanto

The ECO Club is a group of individuals who work together to promote sustainable practices and participate in activities and projects that help conserve the environment. The club focuses on reducing waste, conserving natural resources, and taking action against climate change. Members of the ECO Club participate in projects striving to create a cleaner school and environment such as recycling drives, clean-up campaigns, and educational outreach programs. The aim of the club is to promote a healthier planet. This organization serves as a platform to learn about sustainability while encouraging students to engage in positive environmental action.

Social

- Sophia Rademeyer & Mienka Kriek

Kwartaal 1:

Verlede kwartaal het ons die Graad 7 badkamers oorgedoen deur "inspirational quotes" teen die mure te sit. Ons het ook gehelp om die Sokkie te organiseer en het dit vreeslik baie geniet!

Kwartaal 2:

Sover het ons al 'n aanbieding vir die Uitvoerende Komitee gedoen om handjietennisbane op die speelgronde by te sit en ons is baie bly om te sê dat daar so gou as moontlik bane op die speelgronde gaan wees!

STUDY TIPS

By Karin Hattingh 7A3

To write an exam can be stressful, so here are a few tips to help you during the upcoming assessments...

1. Gee jousef genoeg tyd om te leer. Moenie die dag voor die toets eers begin leer nie.
2. Organise your study area. Make sure you have enough space to spread out your textbooks and notes.
3. Gebruik flitskaarte en vloei-diagramme. Flitskaarte kan help om 'n vraag te hê om te antwoord.
4. Practise old exam papers. One of the most effective ways to prepare for exams is to practice taking past versions. It can help to get use to the format of the test.
5. Vat gereelde breke. Jy mag dalk dink dat dit die beste is om vir soveel ure as moontlik te studeer, maar dit kan eintlik jou minder produktief maak.
6. Sleep enough and eat healthily. It will make sure that you are not too tired when writing your exam and can focus well.
7. Vra betyds jou vrae vir onderwysers wat die vak aanbied. Vra voor die toets, nie die oggend wat jy dit skryf nie.

OUR PLANETS

By Chloë Roux 7A3

Our planet, Earth, is just one of the eight planets that make up our solar system. The eight planets, in order from the sun, are Mercury, Venus, Earth, Mars, Jupiter, Saturn, Uranus, and Neptune. Each of these planets has its own unique characteristics and features.

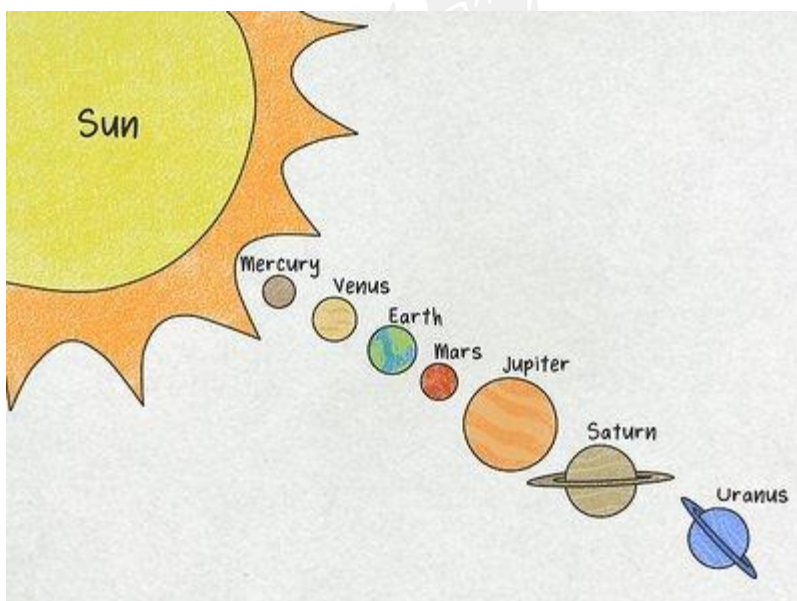

Mercury, the closest planet to the sun, is a small and rocky planet with a heavily cratered surface. Venus is similar in size to Earth but has a thick, toxic atmosphere that traps heat and makes it the hottest planet in the solar system. Earth, our home planet, has a diverse range of ecosystems and is the only known planet with life.

Mars, often referred to as the "Red Planet," has a thin atmosphere and a rocky, barren surface. It has been the subject of exploration missions as it is believed to have once had conditions suitable for life. Jupiter, the largest planet in the solar system, is a gas giant with a atmosphere and over 75 moons.

Saturn, known for its iconic rings, is also a gas giant with a complex atmosphere and a diverse range of moons. Uranus and Neptune are both ice giants with thick atmospheres and a system of rings and moons.

Despite their differences, all of the planets in our solar system orbit around the same star, the sun. They each have unique environments and features that make them fascinating objects of study for scientists and space enthusiasts alike.

As we continue to explore and study our planet and the others in our solar system, we gain a greater understanding of the universe and our place within it.

"One child, one teacher, one book, and one pen can change the world."

03 GET TO KNOW YOUR TEACHER

Deur Isabella van Jaarsveld
& Tiamé van Vuuren

Juffrou Marilize Olivier

Verjaarsdag: 11 Junie

Gunstelling...

- **Kleur:** turquoise
- **Vakansiedag:** enige een!
- **Vakansieplek:** die Wildtuin
- **Vak op skool:** Biologie
- **Dag van die Week:** Vrydag
- **Dier:** Luiperd

Lucky Number: 10

As Juffrou enige plek in die wêreld kon bly, waar sou dit wees? Wes-Afrika

Would you rather...

04 BON APPETIT

Deur Laima du Preez
& Tiamé van Vuuren

Rocky Road Bars

125 g butter

300 g dark chocolate, chopped

45 ml golden syrup

150 g Marie biscuits

100 g honeycomb or Cadbury's Crunchie, chopped

100 g mini marshmallows

1. Line a 24-cm square tin with greased aluminium foil.
2. Gently melt the butter, chopped chocolate and golden syrup in a saucepan over a low heat.
3. Break the Marie biscuits into rough chunks in a food processor or by placing them in a freezer bag and smashing them with a rolling pin.
4. Fold the biscuit pieces and chopped honeycomb into the melted chocolate in the saucepan and then add the mini marshmallows.
5. Pour the mixture into the foil-lined tin and roughly level it.
6. Once set, cut the rocky road slab into squares.

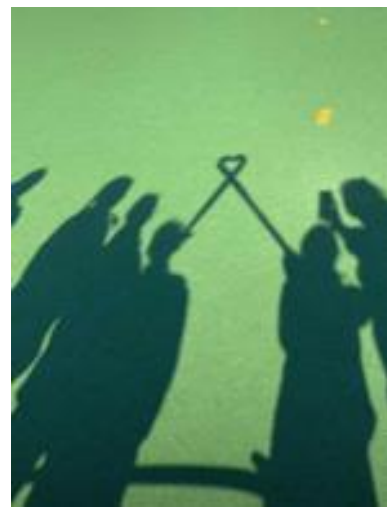

** You can be creative with your rocky roads. Add Jellytots, Speckled Eggs, or any of your favourite treats!*

“It’s not just a photograph, it’s capturing a moment.”

05 GALLERY & PHOTO OF THE WEEK

Deur Janco Beukes
& Zander de Wit

Our first **PHOTO OF THE WEEK** competition has launched! Get out your devices and snap photographs of amazing sites around our school. Send your photos to evernet@eversdal.org.za to WIN.

"I'm so excited and I just can't hide it!"
