

## **THE VISION AND MISSION OF EVERSDAL PRIMARY SCHOOL**

### **VISION**

Our holistic approach ensures that each student thrives in a balanced environment, fostering a lifelong passion for learning. We strive to create individuals who are not only academically accomplished but also culturally enriched and are afforded the opportunity to become athletically skilled. By instilling perseverance, curiosity, and continuous improvement, we prepare our learners to succeed in all areas of life, empower our learners to become responsible citizens and to embrace learning as a lifelong journey in a diverse and rapidly changing world.

---

### **MISSION**

- Offering school activities where understanding and application are more important than mere knowledge. Focusing on the joy of learning and developing a growth mindset to create personal and intellectual abilities.
- Instil a work ethic that encourages students to apply themselves diligently in their academic, sport, and cultural activities. Emphasising the importance of this balanced approach.
- Providing opportunities across a vast array of activities to promote participation and create a sense of belonging.
- By weaving our values, respect, integrity, discipline and faith into the fabric of the school's mission, we ensure that every learner, parent and teacher aligns on the well-being of each learner within our microsystem.
